3 ezCater Partners Ready to Help Your Office Celebrate Pi Day

Whether you're a genuine fan of the famous mathematical constant or you simply aren't the type to turn down a slice of pie, there's more than one good reason to celebrate Pi Day.

Used in calculating the area and circumference of a circle, as well as other mathematical formulae, pi is commonly known by its first three digits: 3.14. Thus, we celebrate Pi Day on March 14.

There are plenty of different ways to celebrate. Pi recitation competitions are common, but when it comes to celebrating Pi Day in the office, your best bet is using ezCater to have pies and other circular cuisines delivered for your team to enjoy.
