

**3 Lash Extension Compatible Aftercare, Treatment & Cosmetic Products  
From Xtreme Lashes®**

## 3 Lash Extension Compatible Aftercare, Treatment & Cosmetic Products From Xtreme Lashes®

---

After opening your [lash kits](#) and applying beautiful and natural-looking extensions to your client's natural lashes safely and effectively, you'll want to recommend high-quality aftercare, treatment, and cosmetic products that are compatible with their lash extensions. This will ensure your clients use the proper cosmetic, aftercare, and treatment products to maintain their lash extensions and eye area properly at home. Here are three products from Xtreme Lashes® that you can recommend to your clients at your salon or spa that will be compatible with their new lashes.

### 1. Eye Makeup Remover & Facial Cleanser

The Eye Makeup Remover & Facial Cleanser Mini Cleansing Kit features travel-friendly sizes of the best-selling lint-free cleansing applicators and face cleansers from Xtreme Lashes. With this Mini Cleansing kit, your clients can care for their lash extensions safely and effectively anywhere at any time. In addition, this Mini Cleansing Kit will also allow your clients to safely remove their eye makeup so they are left with pristinely clean lash extensions.

With a soothing Aloe Vera-based formula, the Eye Makeup Remover and Facial Cleanser gently cleanses and moisturizes your client's skin while conditioning their [volume lashes](#) and brows. The coconut cleansing agent safely and effectively removes lash extension compatible makeup, while the antioxidant and vitamin-rich botanical extracts nourish and protect natural lashes, lash extensions, and all skin types. This Mini Cleansing Kit has 25 lint-free applicators with unique applicator tips perfect for removing eye makeup and mascara without leaving lint fibers between lash extensions and natural lashes like traditional cotton swabs.

## **2. Extend Your Beauty® Rituals—Eye Treatments Kit**

If your clients want to treat themselves to additional eye care, they can purchase the Extend Your Beauty® Rituals—Eye Treatments Kit from Xtreme Lashes. This kit can help improve the appearance of their orbital eye area and eyelids as the products within will nourish and soothe this delicate area.

This kit includes a Total Eye Repair Serum that promotes collagen production and reduces the appearance of wrinkles, a set of skin-nourishing Lint-Free Hydrating Under Eye Gel Patches, a soothing eye makeup remover and facial cleanser and a pack of soft, lint-free cleansing sponges for the eye area.

## **3. Extend Your Beauty® Rituals—Color Cosmetics Kit**

After applying their [eyelash extensions](#), your clients should know that using aftercare and cosmetic products specifically designed for professional lash extensions is essential to maintaining their lashes between ReLash Application appointments.

This is why the Extend Your Beauty® Rituals—Color Cosmetics Kit from Xtreme Lashes is an excellent product recommendation for your clients. This kit comes with the following products that your clients will love:

- Length & Volume™ Mascara: This Vitamin B5-enriched formula creates bold lashes without clumps or flakes and is easily removed with a cleanser from Xtreme Lashes.
- The GlideShadow™ Long Lasting Eyeshadow Stick (in Bronze): This cream-to-powder eyeshadow leaves no build-up along the lash line or fallout on a client's lash extensions.
- The Xtreme Black GlideLiner™ Long Lasting Eye Pencil & Sharpener: The Xtreme Black GlideLiner™ Long Lasting Eye Pencil is enriched with Vitamin E

and comes in an easy-to-apply pencil format, yet glides on smooth like liquid eyeliner. A Glideiner™ Sharpener is also included.

- A Compact Mirror: This dual-sided mirror comes with standard and magnified lenses.

These products will help your clients maintain beautiful lashes and keep your happy clients coming back to your salon or spa.
