

3 Reasons Hunters Love the IconX Heated Core Vest From Pnuma Outdoors

3 Reasons Hunters Love the IconX Heated Core Vest From Pnuma Outdoors

When you're going out into the field on a frigid morning or the weather takes a turn for the worse, a reliable source of warmth can make all the difference. Staying warm and comfortable is key for remaining capable and performing your best when the opportunity arises, no matter what Mother Nature throws at you.

That's why dedicated hunters love the IconX Heated Core Vest from Pnuma Outdoors. Its revolutionary design puts the heat right next to your skin— where your body needs it most. The IconX Heated Core Vest is quickly becoming a staple for hunters who want to make the most of every hunting excursion, regardless of the weather.

Why is the IconX Heated Core Vest from Pnuma Outdoors such a popular piece among this leading [hunting brands clothing](#) selection? Here are three reasons hunters love this innovative base layer.

The IconX Heated Core Vest Lets You Perform Your Best

When you start to get cold, everything becomes more difficult. You can't move as quietly, think as clearly, or improvise as well as you would otherwise. The key to staying warm on a chilly morning? Maintaining your core temperature.

That's where the IconX Heated Core Vest comes in. It features a rechargeable 7.4V Lithium-ion battery that will run for about six hours on the lowest setting. With a spare battery, you can enjoy all-day warmth and keep chasing your prey.

Comfort, Versatility, and Freedom of Movement

The IconX Heated Core Vest's athletic fit makes layering beneath your favorite shirt, [Merino wool hoodie](#), or jacket easier than ever before, so you can enjoy warmth without added bulk. You'll have total freedom of movement while the vest's seven performance zones deliver key muscle support and thermal regulation.

This vest's design keeps the waterproof LED heat level selection button within easy reach, so you can maintain the ideal temperature as conditions change throughout the day. Thanks to the vest's undetectable carbon fiber heating elements, you'll enjoy efficient, consistent heat distribution.

Revolutionary Design and Uncompromising Attention to Detail

The IconX Heated Core Vest from Pnuma Outdoors also features HydroWick™ high-performance hollow wicking fiber to help you stay dry all day long. Plus, it's treated with antimicrobial odor control to ensure your prey won't smell you coming.

Last but not least, you can count on the IconX Heated Core Vest because it's made by Pnuma Outdoors. Pnuma Outdoors is the [hunting clothing brand](#) that works to provide the absolute best gear a hunter could imagine by combining revolutionary fabrics, innovative technology, and meticulous craftsmanship.

When you need a base layer that'll keep you warm no matter what Mother Nature has up her sleeve, it's clear that the IconX Heated Core Vest from Pnuma Outdoors has everything you're looking for and then some.
