## 4 Things You Need to Know About Finding the Right Hat Club Hat

---

When choosing a hat from Hat Club, there are a few details you should consider to determine the perfect hat for you. Do you want [fitted caps](#) or snapbacks? Are you going with a retro-inspired logo for your favorite team or a hat with modern colors? And what kind of limited-time drops is Hat Club currently offering? Here's how you can answer these questions and more as you choose the next hat to add to your collection.

### Fitted vs. Adjustable

The first choice you need to make is whether you are going for a fitted or adjustable design. A [fitted LA Dodgers hat](#) will provide a seamless look, and it's the hat the team wears on the field. If you want a clean look and a snug fit, this is the type of hat to go with. You just need to be sure about your size, so measure accurately.

An adjustable design, like a snapback or strapback, is a solid choice if you want a little more versatility. It offers a bit of a different style compared to the fitted design, but you can adjust it to your preference for a solid fit. No matter what type of closure you choose, you can make this style work well with any aesthetic.

### Retro vs. Modern

Next, do you want a retro or modern design? With Hat Club, you can find many vintage-inspired hats with throwback logos from your favorite teams. If you just want something cool and vintage, go with any team with colors that match the outfit you have in mind. Otherwise, show

the world that you're a longtime fan of your favorite team with a throwback look that other diehard fans will recognize.

If you'd rather go a modern route, Hat Club offers the latest hats from a variety of leagues, like the MLB, NFL, NBA, NHL, and more. Choose from the most updated logos and eye-catching designs you can't find anywhere else.

### **Look for Patches on the Side**

If you are a true fan, look for hats with patches on the side. [A frame hats](#) are perfect for this, thanks to their shape. The silhouette offers plenty of space for patches that celebrate the last time your team made a World Series run or hosted the All-Star Game.

They help give your hat a unique look that other fans won't have. That means you'll stand out in crowds of similar hats, thanks to the patch that celebrates something from your team's history.

### **Don't Miss Their Exclusive Drops**

Hat Club offers exclusive, limited drops for hat designs you can't find anywhere else. From the Stardust collection, with blue and silver tones to cherry blossom-inspired hats with pink accents and sakura petals, it's another way to show off your unique sense of style.

You have to be quick, though—the window for each drop collection is short. When they run out of stock or the window of availability ends, they're gone. This also makes them ideal for streetwear looks, especially if you want to pair them with other limited-availability styles.
