

4 Wallpaper Prints For The Bedroom From Katie Kime

Katie Kime is a print-based brand using stunning designs and bold colors to fashion memorable home décor and pajama sets. You can instantly elevate your kitchen, office, or bedroom with a unique Katie Kime wallpaper and enjoy the experience in one of the [PJ shorts sets](#). But what patterns do you choose?

Whether you have a home with two rooms or 10, you must consider the setting when choosing your wallpaper, and bedrooms can be tricky. Luckily, Katie Kime makes it easy to choose a fun and exciting wallpaper with their large peel and stick wallpaper selection, a few of which we can't help but share with you.

Metamorphosis Wallpaper

Harness some feminine energy with the Metamorphosis wallpaper. This stunning display of butterflies is full of color and vivacity you can't find outside of Katie Kime. Metamorphosis is available as a permanent or [peel and stick wallpaper](#) (as are many of the patterns), so it's a great option for anyone who likes to switch things up occasionally. You could also use this print in a kid's room because it's bright, exciting, and changeable.

Fine and Dandy Wallpaper

Would you like some floral accents for your room? The Fine and Dandy wallpaper is a portrait of everyday elegance with a vintage dandelion pattern available in muted blue on a white background or a light olive and white dandelion on a mint background. This pretty paper is

perfect for women decorating a studio or bachelorette pad. It could also be a nice accent wall in a family home—just picture it with floating shelves, framed artwork, and family photos.

California Toile Wallpaper

Katie Kime offers a variety of city toiles with beautiful renderings of memorable aspects of cities or states. The California Toile wallpaper may be close to your heart if you ever called the Sunshine State your home, but you could also enjoy some of the toiles for popular Texas cities and a few other locations. Toiles are delightful and classy additions to bedroom décor. The patterns are fairly straightforward and completely fabulous. Still, you might want to reserve these for an accent wall, as a whole room with a city toile may overwhelm your aesthetic.

Banana Leaves Wallpaper

You could also keep things super simple with the Banana Leaves wallpaper. Available as permanent or removable wallpaper, the Banana Leaves make their mark with that bold shade of green. These leaves also grace some of the brand's [white pajamas](#), so you know it's a popular print. If you like the color green or want to feel like you've entered your own little oasis when you get home, opt for the leafy vibes this wallpaper will deliver.

You spend a lot of time sleeping in your bedroom, but sometimes, it's just the space that feels most like home. Turn your bedroom into a place just for you (and your partner if you have one) with Katie Kime. The one-of-a-kind prints will brighten and enliven the surroundings for a creative take on your sacred space.
