

Are you looking for a new Holland showroom in India?

New Holland Tractor was established in 1895, in New Holland, Pennsylvania by Abe Zimmerman. This company manufactures agricultural products. Its products include tractors, combine harvesters, haying tools, Seeding equipment, etc. Currently, it comes under its parent company name CNH Industrial. This company has 18 manufacturing plants across the globe, where different tractor models are created and exported to different countries. Implements like Roavater, Plough, and Straw Reaper are made by the New Holland.
