

# C-Sharpe: Offering the Best Help For Exterior Restoration

---

Are you looking for a [restoration company](#) that can help you with exterior restoration and general contracting? In this situation, C-Sharpe can be the perfect option for you. This company has more than 40 years of experience. It is a family-owned business that was first started in 1983 by William Sharpe. They have been offering the best solutions to clients when it comes to complex building restoration. Let's find out more about their rich history, core values, and company culture in the upcoming sections.

## The History of C-Sharpe

C-Sharpe started with the passion of the Sharpe family for painting. William Sharpe established this family painting business in 1983. Over the years, this company worked hard and expanded. David, the son of William Sharpe, joined the company at the age of 17 and became its president in 1993. This helped him develop great technical knowledge and experience as he served clients from various industries.

## Core Values

C-Sharpe is committed to its core values. This company has various values that help them achieve success in all the projects they work on. The first value that they focus on is relationships. This [restoration contractor](#) always works on creating long-lasting relationships with their clients as they do not focus on short-term gains. The second value is effort. So, the company is committed to doing everything that it can to complete its commitments. They keep challenging themselves to achieve success.

The third value is servant-hearted. All the team members at C-Sharpe prioritize serving others and have a team-oriented approach. The next value is trustworthiness. You can completely trust them. Then the next value is ownership. They take complete responsibility and provide solutions efficiently. After that, the next value is results. They rely on facts and use past results

to improve the results in the future. The last value is excellence. They always wish to provide clients with excellent results and help improve processes.

### **Right Mindset**

All the team members of C-Sharpe have the right mindset which helps them make the difference. So, they ensure to invest in the best tools and equipment while also understanding the goals and challenges of their clients so that they can provide them with the best solutions.
