Receive a customized cafes and coffee shops email database today!

For over 6+ years, FountMedia has been a distinguished source of high-quality, genuine databases for leading global brands. Our cafe and coffee shop email list is a vital resource, enabling connections with premier cafes, eateries, and coffee shops worldwide. We carefully organize this database by various categories, including names, contact information, locations, zip codes, SIC/NAICS codes, sales volumes, and yearly revenues.

This level of segmentation enhances targeted marketing efforts, allowing for the effective promotion of your products and services. This leads to increased lead engagement and significant growth in sales. We compile our B2B mailing list from reliable sources like business registries, public listings, events, websites, and online submissions, ensuring its authenticity. We rigorously verify each entry to ensure compliance with data protection laws like GDPR, SMTP, CCPA, and the CAN-SPAM Act, thereby enhancing the success of your marketing strategies.
