The perfect shade of red or pink pants might start your night with a spark and be the featured piece for your ensemble. A white or cream sweater could be the icing on the cake. If bold bottoms aren't what you had in mind, you can also go with more neutral-colored jeans for a subtle touch.

Cool, Chic Vibes: Cargo Pants

For all the Valentine's gals who like to embrace new styles, check out the selection of [cargo pants for women](#). Flattering silhouettes and signature patch pockets make Democracy Clothing's cargos an excellent fit for the occasion. The brand offers everything from wide leg denim cargos to roll cuff colored cargos. For the ultimate in comfort and style, choose a relaxed silhouette to match your aesthetic. Pair these versatile pants with a fitted top and heels for an elevated, casual vibe.

Kick It Up: Boot Cut Jeans

Classic boot cut jeans are flattering, especially the styles from Democracy Clothing. Whether you need [jeans for tall women](#) or jeans with a shorter inseam, you'll find just the right size in a boot cut silhouette, complete with all the figure-flattering features you love. Slim through the thigh and a slight flare at the bottom, boot cut jeans can help elongate the look of your legs and help you feel confident. Take this look in any direction that feels like you, whether it's boho-chic with a flowy blouse or country-inspired with cowboy boots.

Embrace Winter Whites: Soft White and Ivory Tops or Bottoms

For a romantic and timeless feel, take a look at the ruffle-adorned tops available in off-white and cream hues from Democracy Clothing. Perfect for special occasions, tops with feminine details can transform your outfit instantly. If you love the winter white vibe for your date night, think about wearing boot cut bottoms in a contemporary ivory wash with subtle embroidery on the back pocket to complete the look.
