

Discover BIOEFFECT's 3 Unique EGF Skin Care Holiday Gift Sets

Discover BIOEFFECT's 3 Unique EGF Skin Care Holiday Gift Sets

BIOEFFECT's annual holiday gift sets are here! This year's skin care sets offer beautifully designed packaging by Icelandic artist Thordis Erla Zoëga and feature BIOEFFECT's best age-defying products and signature skin care ingredient—EGF from barley plants.

To experience unparalleled results, try BIOEFFECT's innovative plant-based Epidermal Growth Factor (EGF), an effective skin care ingredient for all skin types. Find out what this year's three holiday gift sets include, and treat yourself or your favorite skin care enthusiast to a luxurious, curated set this year.

EGF Firming Favorites

Here's an all-in-one EGF skin care routine for those wanting to visibly firm and revitalize the skin, especially around the eyes. The EGF Firming Favorites include BIOEFFECT's best-selling EGF Serum, potent EGF Eye Serum, and hydrating Imprinting Eye Masks. EGF Serum works to boost your skin's moisture levels and support the skin's natural collagen production for plumper-looking skin. The [fine line eye serum](#) rolls onto the delicate under-eye skin and targets the appearance of fine lines and crow's feet, while the hydrogel eye masks amplify the effects of barley EGF, leaving the eye area looking smooth and more youthful. Here's a quick recap of what's in the EGF Firming Favorites gift set:

- EGF Serum
- EGF Eye Serum
- Imprinting Eye Masks

EGF Face & Hand Rejuvenation

Pamper yourself with this pair of products—especially great for dealing with dry winter weather. The award-winning [EGF](#) Serum and nourishing EGF Hand Serum set targets visible signs of aging on both the face and often-neglected hands. EGF Serum promotes firmer, plumper-looking skin, resulting in smoother texture and minimizing the look of fine lines and wrinkles. EGF Hand Serum hydrates and protects the hands, helping to soften and rejuvenate hands that show early signs of visible aging. Once more, the EGF Face & Hand Rejuvenation gift set includes:

- EGF Serum
- EGF Hand Serum

EGF Power Performance

This duo is more targeted to those with mature skin, delivering BIOEFFECT's most potent formulas: EGF Power Serum and EGF Power Cream. This powerful combination tackles multiple signs of visible aging skin at once, including age spots, wrinkles, and loss of firmness. EGF Power Serum works to strengthen the skin barrier and reduce the appearance of hyperpigmentation. EGF Power Cream deeply nourishes the skin, promoting resilience and hydration for a more youthful-looking complexion. Here's what to add to your gift or wish list this holiday season:

- EGF Power Serum
- EGF Power Cream

Browse the full collection of products from Icelandic skin care brand BIOEFFECT to help give your skin the year-round care it needs to thrive. Supplement your weekly routine with an Imprinting [Hydrogel Mask](#) to hydrate your entire complexion, treat yourself to a silky EGF Body Serum, or try the brand's new EGF Power Eye Cream. Discover the power of barley Epidermal Growth Factor for yourself!
