

## Explore the Powertrac 434 Plus in India

The [Powertrac 434 tractor in India](#) Plus stands tall among Escort Group's Powertrac Powerhouse collection, celebrated for its robust engines and remarkable fuel efficiency. Priced at under 9 lakhs, it's a farmer's dream, delivering exceptional value. Renowned in India for its prowess, this tractor sits comfortably in the 40 HP category, equipped with a 3-cylinder engine boasting a 2000 RPM rating. This configuration allows the tractor to unleash 39 HP when operating at its optimal 2000 RPM, ensuring a potent performance.

Fuel efficiency is a hallmark feature owing to its smartly designed three-cylinder engine. The transmission offers flexibility with options for both single and dual clutches, while the gearbox features 8 Forward + 2 Reverse gears, ensuring versatility in operation. This model is a 2-wheel drive, making maintenance comparably hassle-free compared to its 4WD counterparts.

The Powertrac 434 Plus boasts rear tyres measuring 13.6 x 28 and front tyres at 6 x 16, providing superior traction across various terrains and soil types.
