# • ABOUT MARKET STATSVILLE GROUP (MSG) •

Market Statsville Group (MSG) partners with companies and society to confront their essential risks and challenges to capture the enormous opportunities for them. MSG was initiated its working in 2017, and since then, the brand is moving to become a pioneer in business advisory and market research services.

Market Statsville is the leading market research and strategy builder with the depth and breadth of solutions that perfectly suit your every need. MSG provides solutions in a wide range of industry verticals in the form of market sizing, analysis, and incisive business insights. MSG experienced research analysts are proficient at digging deep and providing a variety of customizable data that help you make decisions with clarity, confidence, and impact.

Market Statsville is your global data intelligence partner for reliable market research data, data gathering, and analytical services. MSG also has an extensive network of top-flight domestic and global research personals around the world, enabling us to provide high-quality worldwide research solutions that cater to a well-established company, government organizations, or a startup. MSG's clients have the authority to work directly with one or more of our researchers to gather the most useful data knowledge and analytical plan to formulate it in the actual practice.

Market Statsville Group believes that to succeed, companies or individuals must blend digital and human capabilities most efficiently. MSG diverse and experienced global team of business consultants and market researchers will ensure the valuable reports for our clients through digging in-depth market information and functional expertise to continuously spark the changes and real-time valuation of variation in the market/industry. MSG works in a uniquely collaborative model throughout the business process across the globe to assist the client's company with the most accurate information that they are aiming for in the reports.

# RESEARCH PROCESS

*Our research is an optimum culmination of secondary and primary research, with the latter playing a major role. We also have an in-house repository and access to a number of external regional and global paid databases to help address specific requirements of our clients. The research process begins with a holistic secondary research, followed by expert interviews. The information gathered is then comprehensively analyzed by our highly experienced in-house research panel*
