## Pamper Mom with Perfect Hair Care Products From UNITE Hair This Mother's Day

---

Why not give your favorite mamas the gift of luxurious hair care this Mother's Day? From products that untangle knots to products that perfect a blowout, UNITE Hair is *the* professional hair care brand for all hair types and textures. Give your mom the feeling that she just stepped out of the salon with the following ideas.

### A Must-Have for All Moms: Hair Detangler

Say goodbye to knots and tangles with UNITE Hair's 7SECONDS™ Detangler. This award-winning leave-in conditioner is a game-changer because it smooths, protects, and detangles instantly. This protein-based spray is ideal for all hair types—and all moms who appreciate a hard-working, multi-tasking product.

### Essential Duo for Blonde Moms: Toning and Non-Toning Purple Products

For color-treated and natural blondes, UNITE Hair's purple products of the BLONDA™ System are key to healthy, soft, and hydrated hair. BLONDA™ Toning Shampoo & BLONDA™ Daily Conditioner are two essentials for cleansing, conditioning, and maintaining blonde color. The brand's toning [purple shampoo](#) can be used weekly to keep brassiness at bay and paired with the non-toning daily purple conditioner for optimal moisture.

### For Moms with Grit: Styling Products Galore

Weightless volume and texture abound with a variety of high-performing styling and finishing products from UNITE Hair. From sea salt spray that delivers effortless, beachy waves to UNITE's

popular [hair texturizer](#), TEXTURIZA™ Spray, which adds instant volume, fullness, and texture to your finished style, your mom will love having an arsenal of easy-to-use products for everyday looks. If she loves a coveted blowout, she needs 7SECONDS™ BlowOut Crème to control frizz and deliver shine.

### **Properly Pampered Moms: Weekend Essentials**

All moms deserve to spend time keeping their hair as beautiful and healthy as possible. The WEEKENDER™ Shampoo is a weekly clarifying shampoo that helps remove product buildup and restores balance. It's great for all hair types, especially oily. Meanwhile, the 7SECONDS™ Masque is a deeply hydrating conditioning treatment that nourishes and moisturizes strands from roots to ends in just 10 minutes. These two weekend essentials even come in the Detox Set, perfect for gifting to Mom.

### **For Moms with Fine Locks: Volume-Enhancing Hair Care**

With products in the BOOSTA™ System, limp or fine hair can get the volume it needs to look and feel full and beautiful. If your mom struggles with hair that looks lifeless and flat, she can use everything in the BOOSTA™ lineup, including volume-enhancing shampoo.

This shampoo gently cleanses and removes the buildup that tends to weigh hair down, followed by the hydrating conditioner that adds natural shine. Another secret weapon is BOOSTA™ [Volumizing Spray](#), the body-building styling spray that gives locks a boost of weightless volume, especially when used with heat.
