

**Tackle Your Next Project Confidently with 3 Resources From Menards®**

# Tackle Your Next Project Confidently with 3 Resources From Menards®

---

Whether you're a new homeowner or a seasoned DIYer, embarking on a new renovation can be daunting. Luckily, with a little help from Menards®, you can find the resources, tools, and advice you need to tackle your next project with confidence.

From guides to help you learn basic terminology to comprehensive how-to videos to inspire and inform your next project, here are three helpful Menards® resources to check out.

## **Dream It: Make It with Menards®**

Have you ever looked around your home and felt *something* was missing, but you weren't sure where to start? Look no further than the Menards® Project Center for the inspiration and resources you need. When you browse the Project Center tab on the Menards® website, check out the Make It with Menards® page for articles and videos that provide helpful tips, ideas, and how-to guides to inspire your next big project.

Their Meet the Makers videos highlight the dreamers, doers, and makers to help you find the information and inspiration you need to turn your house into your dream home. Whether you are curious about which [shelf brackets](#) you should use to build an industrial pipe bookshelf or want to craft a custom bag toss platform for your next barbecue, the Make It with Menards® page has the resources you need.

## **Plan It: Design and Buy™**

Once you're inspired for your next project, it's time to stop dreaming and start doing! Starting with a realistic plan and carefully drawn-up designs can help you keep your project on schedule

*and* on budget. With the Design and Buy™ program from Menards®, you can easily design and edit custom plans for your next project online or in-store.

Use their visualizer tools to decide which [stone veneer panel](#) option will best complement your landscaping or envision an entirely new kitchen layout. With the right preparation, you can start your next project with confidence.

### **Do It: Buying Guides**

You have your inspiration, and you've drawn up your plans. Now, all you need are the right tools and supplies for the job! Whether you're a home renovation novice or a seasoned pro, brushing up on the latest tools and techniques for your next project never hurts.

Before beginning your project, review the Menards® Project Center Buying Guides to ensure you have what you need, like the proper hardware to install a new [interior door](#) to the right safety equipment for installing insulation in the attic. From teaching new homeowners basic terminology to helping experienced contractors choose updated equipment, these buying guides can ensure you make informed decisions before starting your next project.

With the right inspiration, planning, and equipment, you can make your dream projects a reality. Whether you use their online resources or stop by a nearby store for family-friendly service, start your next project confidently with a little help from Menards®.
