

Unlock The Secrets Of Your Life & Know Your Destiny

Astrology is an ancient science that has marked its prominence for centuries. It helps people know about **secrets of your life** and future life events and guide their future actions. Astrology helps people know their fate future by looking at the positions of stars and planets when they were born. The [birth chart](#) shows their strengths, weaknesses, and possible life events. Astrologers use different methods to predict future events and help people make life decisions. It's useful because it gives people insights into themselves and helps them prepare for what's coming. They can learn about their personality, relationships, career, and when important life events might happen.

The main idea behind astrology

Vedic astrology or Jyotish can help you understand your destiny and give you advice for the future. It explains how the positions of the stars and planets when we're born can shape our personality, relationships, and what happens in our lives. With Vedic astrology, you can learn more about secrets of your life and yourself to make better choices for a happier life.

The idea behind astrology is that the placement of the stars and planets when you are born can affect your whole life. Who you are, how you relate to others, what happens in future, etc.

Vedic astrology is different from Western astrology. It follows its zodiac system, pays more attention to how the moon moves, and uses 27 constellations. The main aim of [Vedic astrology](#) is to help people grasp their destiny and get advice for what's ahead by looking at where the stars and planets were when they were born.

Can astrology predict the future?

Astrology can accurately predict an individual's future. When a child is born, the parents get the birth chart, or [Kundli](#) made for that child. The birth chart is unique for every person, and it records the positions of the planets at the moment a person is born. The birth chart holds **secrets of your life** from birth to death. You can learn about your:

- Childhood
- Education
- Career
- Marriage
- Foreign settlement
- Health
- Death/mode of death and much more.

It can inform you about important events, including their timing and results. You can determine your luck in various aspects of life and predict whether you'll attain something. Astrology can help if **you are curious about your future** wealth, fame, life partner, or marriage. Astrology helps you know the promise of certain things in your birth chart. The promise is called 'yoga' in astrology. If a person doesn't have yoga for something, he will not achieve it in life. For example, if you have [yoga for a bad marriage](#), you are bound to attract a partner that will create trouble.

Can astrology make me lucky?

First things first, astrology and spirituality go hand in hand. The birth chart indicates your [past karmas](#) and the results that you will receive in this life. In Vedic astrology, we pay special attention to kundli yogas and doshas. **Kundli**

dosha shows the lack or scarcity of something, while Kundli yoga shows blessings and opportunities in life. Now, if you have yoga, you are lucky already, and we can enhance it even more by following specific astrological remedies. In the case of dosha, we need to remove the harmful effects of the planets creating the dosha. Thus, astrology can make you lucky by reducing the harmful effects and enhancing the good effects in your birth chart and, thus, your life.

Astrological remedies and their relevance

People often complain that bad things happen, as suggested by astrologers, but good things never seem to materialize. So, it is generally accepted that the bad planets can negatively impact us. If the bad planets can give negative results, you don't think the good planets will certainly give good results!

Now the question comes, why do good things not happen? Here, we want to make clear that planets certainly affect us, bad or good. If bad results are attained, we will also attain good results. For that, one should follow the remedy with full faith as suggested by the astrologer. If you perform any remedy half-heartedly, you tend to get no results. [Astrology remedies](#) can be summarized into the following:

- wearing specific gemstones
- using Rudraksha beads
- reciting mantras
- using yantras (sacred geometric diagrams)
- making donations
- performing worship rituals.
