Features Super-Soothing Ingredients

Ursa Major's [tonic for face](#) is full of potent, pure ingredients from nature that help soothe and soften your skin. These emollients encourage your skin to retain moisture. You might recognize and understand how aloe and lavender flower oil can benefit your skin. Yet other less common plant-based ingredients in the Essential Face Tonic also support a visibly radiant, smooth, and soothed complexion. These include willow bark (a natural BHA source), birch sap, sugarcane,

and rice extract. With Ursa Major, each ingredient serves a purpose, supports your skin, and brings you closer to nature's goodness with every use.

And It's Super Easy to Use

If you need a simple skincare routine to start or end the day, Ursa Major takes care of all your cleansing, exfoliating, soothing, and hydrating needs. The Essential Face Tonic helps you do it all in one unfussy step. You can use the flip cap bottle to wet a reusable cotton round and swipe it over your face. You could use the spray bottle for a spritz of the refreshingly pure and potent face tonic mist. Or, you can reach for one of the brand's bamboo Essential Face Wipes, which Ursa Major infuses with the Essential Face Tonic formula. Ursa Major makes it easy to care for your skin using high-quality ingredients you can trust to deliver vitamins and nutrients to your complexion.
