

Best Places to Display Artificial Hanging Plants

Fake hanging plants offer versatility in home decor, adding a touch of nature without the maintenance. Designer Vertical Gardens' range of artificial hanging plants in Australia is perfect for any room in your home, creating a warm and inviting atmosphere. From balconies to bedrooms, our fake hanging plants are available in multiple sizes and styles to suit any interior design.

Ceiling Hooks

Fake hanging plants from sturdy ceiling hooks or beams infuse rooms with an enchanting suspended garden vibe. Ensure secure installations to support their weight and create an ethereal, floating greenery effect.

Window Sills

Mounting wall brackets or shelves presents an opportunity to create eye-catching displays. Arrange a variety of artificial hanging plants on these platforms, turning your walls into living art pieces that brighten up any room.

Wall Brackets or Shelves

Pergolas or Gazebos

Extend your decor outdoors by adorning pergolas or gazebos with hanging artificial plants. They effortlessly blend with the natural setting, creating a serene atmosphere.

Room Corners

Unutilised corners can instantly transform into cosy nooks with strategically placed hanging artificial plants. Soften the edges, create a serene atmosphere, and turn forgotten corners into delightful focal points.

From Curtain Rods

Enhance the beauty of your windows by complementing them with hanging artificial plants. Using curtain rods to suspend these plants alongside your drapes or above the windows adds a layer of elegance to the entire space.

These are just some of the ways that artificial plants can be used to bring beauty and elegance into your home. With so many options available at our online shop, it's easy to find something that complements your unique style and will last for years to come.

No matter where you choose to use them, one thing is for sure – our range of artificial plants will bring life and character to your indoor or outdoor space.
